THE VOICE OF THE SEDONA CAR CLUB—PUTTING DEAD TREES TO GOOD USE

### President's Vehicle

I received two telephone calls from strangers recently. "I'd like to order a set of the DVDs on Vintage Racing", the callers told me. I have no idea why I was called, but I did know what the callers wanted. Fellow club member, Al Moss, has recently put together a set of four DVDs about sports car racing in the 1950's and 1960's.

Because Al is so well known in the vintage sports car world, his DVD collection was soon getting a lot of notoriety,

even reviewed in some car magazines. In the current issue of one of them, Road And Track, Peter Egan, one of it's most popular editors wrote his entire article about Al and his

DVD collection.

Between car magazine articles and word-of-mouth, many people are ordering the DVDs from Al. I still don't know why I got those calls though????

I have a set of the DVDs and it brought back a lot of memories for me. When I was in high school and college I went with my family and/or friends to see sport car races at locations such as Riverside Raceway, Santa Barbara, Willow Springs, Palm Springs and many more. I have photos, but Al's reproduced movies and slides were fun to see. I recommend them to everyone.

I welcome our new and returning Board Members. We hope to make this a fun year for all members. We are already planning some interesting meetings and tours. The City of Sedona is going to help make this year's car show our best ever! Happy New Year to everyone.

## JANUARY PROGRAM

Our January program will feature representative samples of clothing items that the Club will be making available to members with an embroidered logo. There will be t-shirts, polo shirts and hats on hand. Prices will range from \$10-20 dollars. This will be the only opportunity to see these items before buying them. Thanks to Gail Bangiola for working with Suzy Q Designs of Cottonwood to bring this program to the Club.

### Parking Lot Volunteers Needed!

The Arizona Region of the Classic Car Club of America is looking for a couple of volunteers to watch their cars for a few hours. On the morning of Sunday, April 29th, a national CCCA Caravan will be arriving in Flagstaff.

We need a couple of volunteers to watch about 40-50 1925-1948 classic cars at the Flagstaff City Hall parking lot from 9:00 AM to 12:00 Noon. At noon, the volunteers will need to pick up the stanchions and parking signs and bring them to the Museum of Northern Arizona, about 3 miles from downtown Flagstaff. (A rather old and distinctly non-classic pickup truck will be supplied for this task!).

I can provide a couple of Museum guest passes to the lucky volunteers, but the only additional remuneration is the opportunity to drool over a bunch of beautiful old cars!

Please contact John Ossenfort, 928-913-0005 (Flagstaff) or [ossenfort@msn.com](mailto:ossenfort@msn.com) if you are interested.

# LOGO TO UNDERGO CHANGE

## *Harrison's Legacy To SCC Lives On*

Bill Harrison, charter club member and original creator of the Sedona Car Club Logo, has se-

He did indicate however, that it may take a while for a market to develop for the original logos just

cured his place in the club's history with the Board's recent decision to tweak the logo. His original creation remains largely intact, with the only changes consisting of removing the knock off flanges and rotating the club name to upright status. It was felt by the Board that most people did not recognize the logo as a knock off hub found on some British and other sport cars.

So you're thinking right now, what about Club materials with the original logo still on them. Not to worry, the Board met with an internationally renowned logo consultant (you didn't know there was such a person, did you?) who indicated that the original logos, much like anything original that is changed, has increased in value exponentially.

in case any of you were thinking about cashing in anytime soon. When queried about a time frame, he stated that owners of original club logo materials should consider willing them to their kid's, kid's, kid's. Whew, go that out.

Thanks to Al Moss who went to work in his Adobe (software that is) to make the changes. He assured the board that all appropriate legal hurdles had been cleared and that patents are pending.

The changes in the logo will take effect immediately.

### **From John Gain**

Here is a picture that I took at the Rocky Mountain Rod and Custom Show over the Thanksgiving weekend. Feature Car at right is called "Impression". It is stylized 1936 Ford roadster designed and built by custom car builder, Chip Foose.

Two antennas met on a roof, fell in love and got married. The ceremony wasn't much, but the reception was excellent.

## **"Paris Hilton & Sedona Car Club Members"**

Remember the old Johnny Carson routine "Carnac" where he gave the audience the answer and then mysteriously conjured up the question. Well the headline above is one of those answers and when I consulted Carnac for the question, his reply was... "Give the names of famous people whose pictures are posted on the internet." Well, anyone familiar with Paris Hilton knows what kind of pictures of her are on the internet. But Sedona Car Club Members???? Yes it's true, there are lots of pictures of club members on the internet, but all are very up and up. If you haven't been there you need to go there, to [www.sedonacarclub.com](http://www.sedonacarclub.com) and check yourself out. (if you aren't there, maybe your car is.)

### **Financial Info Now Available**

That's right, as a public service, stock market summary information is now available on the club website. Just another way the club looks out for you and makes the dues all worthwhile. (By the way have your renewed yet?) Just go to the News Page on the website. Also, if it's taking a while for the site to load on your computer, open that wallet and release the moths and pay the few bucks a month for high speed access. Lee Niederkorn did recently and said next to marrying Bev it was the best investment he ever made. Lee comments, "My internet access now runs even faster than my Healy."

Yes, you're eyes are correct. Club treasurer in Santa Hat!
