THE VOICE OF THE SEDONA CAR CLUB—PUTTING DEAD TREES TO GOOD USE

## President's Vehicle

**Ah**, December. Last month of the year. Last month of my term as your Club President. The television is on in the background and the announcer is warning of a severe storm, but obviously, it is a national news station. We might get some rain some time in our future though. I hope so.

Christmas is coming. Sedona is alive with festive lights...Tlaquepaque, Uptown, Hillside Shopping area and all over town. Rachel and I put lights on the outside of our home, but we are one of the few in the entire Chapel neighborhood. I hope our neighbors have more of the good spirit of the season than they are displaying. It's a wonderful time to be thankful for all of the blessings in our lives.

One of the blessings is, of course, the friends we have. In a couple of weeks we will all have an opportunity to share the season with our friends at our annual Christmas Party. Rachel and I will be there and I hope as many of our

members, as possible, will be there also.

So how is the work on my Alfa Romeo coming you ask? Not quite as quick as I thought it would, but I am making some progress. The body is finally prepped,

primed and sanded (primed and sanded, primed and sanded) and ready for paint. You wouldn't believe how many little flaws you can find when you inspect over and over from every angle and in different lighting situations. Once it is painted, I'm thinking (hoping) the reassembly shouldn't take too long. My goal is to take the car to the Monterey Historics next

August.

I want to thank everyone for allowing me to be president of your club for the past two years. I was honored to have been asked to serve (especially the second time). I want to thank the other board members for their support. They each work very hard to make our club the great club that it is. Congratulations to our new officers and board members; and thanks for taking the helm of our club and leading it to another great year.

Merry Christmas

*David Lombardi*

**F**REE money is once again being given away by Basha's & Food City starting in September. All you have to do is connect your savings card to the Car club. They'll do it for you, just tell the cashier. Folks, this is a no brainer. We have come up just short of \$100 the past two years. Let's see if we can break \$100 this year. - Editor

## **Postcards From the**

**Past** - Under the category of "Did You Know" SCC's Victoria Clark is an avid collector of Arizona Postcards. Says Victoria, "I have a serious addiction, for which I hope there isn't a cure. I'm addicted to finding, collecting, displaying and sharing those "little pictures of history" called postcards. I attended a meeting of the Arizona Postcard Club in 2000, to

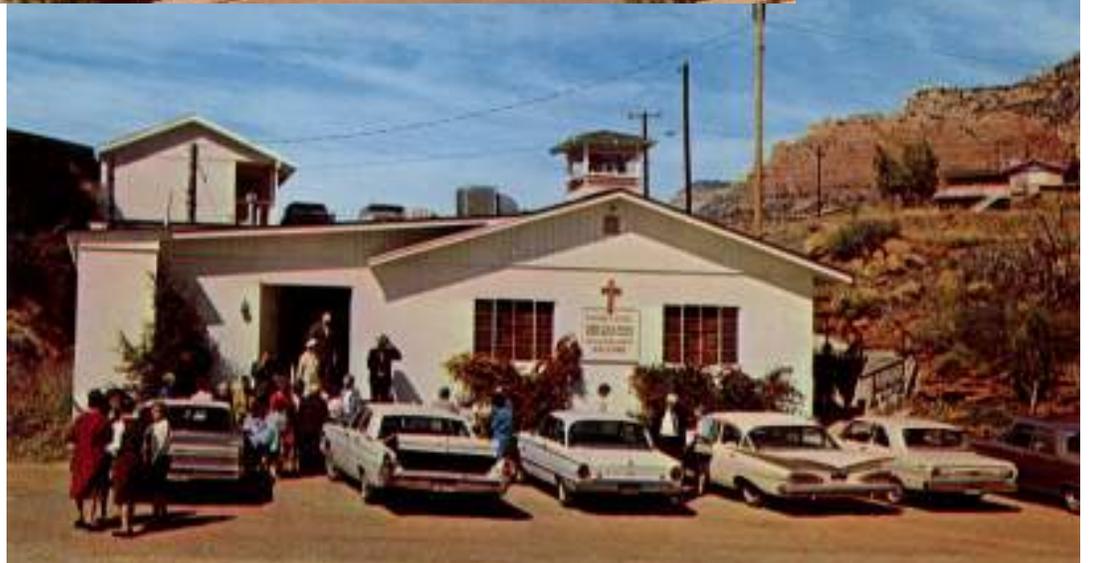

**GREETINGS FROM SEDONA, ARIZ**

find somewhere to purchase archival materials to store my meager collection of about 200 Arizona postcards. That was the night that my hobby became an addiction. I now have over 3,000 Arizona postcards, and I have collected a variety of postcards on

other topics too. During 2008, I'd like to share some tidbits about postcards, and some of the postcards in my collection. Postcard Tidbit #1 How can you tell a stamp collector from a postcard collector? (The stamp collector will always look at the back of postcards first.)

*Top two cards are Uptown, bottom—Wayside Chapel. Recognize any cars?*

# Out of Africa Rocks

Tour Earns Kudos As One of Most Unique

Club members gather outside Africa entrance with the enthusiasm of children on Christmas Eve. Then they are briefed by the resort owner regarding feeding of the animals. She tells them that the tigers are particularly enraged by the color red. Undaunted by this news the members forge ahead and not one is lost to an animal.

Deb Wachs is seen here washing her hands after helping Clyde drop a tranny in one of his 40 something Fords! It caused a rift with husband Tom, because he can't even get her to change the oil on his car.

Clyde, at left, proudly shows off one of his 40 something Fords to a giddy Judy Gain in the background. It looks like she is holding not one, but two cups filled with adult beverages. One wonders whether husband John must put up with similar antics at home. But then again he doesn't have 40 something Fords in his garage. Clyde says he could stuff a Mazda Miata in the back seat of his Ford.

# New Member Welcome

**Phillip & Grace McKee** - The Sedona Car Show convinced Phillip and Grace to become members of the club. The couple moved from London 10 years ago to Boston where Phillip became the Chairman of the Department of Pathology at Harvard Univ. Four years ago, Phillip decided he could still work in pathology from his home and live in Sedona so they moved and haven't looked back. Grace is also a pathologist, but guess what, since coming to Sedona, she is now a full time artist. For many years in the UK Phillip was involved in "special stage" road rallying as a driver and co-driver. Phillip and Grace both drive fast cars, (but not in Sedona of course with its current traffic enforcement mania). Their cars are shown on this page.

Phillips 1999 Ferrari 335 F1 w/paddle shift. ( this is not the Ferrari that was on photo radar going over 200 mph on the 202 in Phoenix)

**Larry & Cindy Mortensen** - Having a brother, who is a jeweler in Flagstaff, made discovering Sedona easy for Larry Mortensen. So he and wife Cindy made the move from Whittier California recently and are renting in the Village until they decide where to settle. Larry worked his entire career with So. Cal Edison and Cindy was a dental assistant. They have 3 children in various places across the country. We look forward to getting to know them better and perhaps seeing their cars close up. They are: '31 Model A Deluxe Coupe, '40 Model A Deluxe Coupe and '81 Porsche 911 SC Coupe.

Grace's Porsche Cayman S

**Karl & Terri Scheinuck** - Cottonwood is now home to the Scheinucks after moving from the Phoenix area to take over ownership of Black Motors in Sedona. Karl recently spoke at a club meeting and looks forward to meeting members and hopes to serve them with any repair needs they may have. They have a website at [blackmotors.com](http://blackmotors.com). and can be reached at 282-6621.

**T**he SCC Executive Board has formed a committee to visit all those who do not renew or get their member renewal check to the treasurer in a timely fashion. Believe me you don't want the committee to visit you. The Board has unhesitatingly approved the use of water boarding to achieve it's ends. And for those who wish to comply but are a little short due to holiday spending we can arrange for a loan with favorable terms (favorable to the club that is). We also accept home equity loan checks. So get on the stick, take care of business and all that stuff.
