## President's Letter

**Hello Everybody. Well, we're having some good Sedona weather now, not cold, not too hot, just nice days and nights. Maybe a little too windy though. But that's the way the Forest Service seems to like it. "Hey look. It's going to be real windy tomorrow. Let's start a controlled fire so it can get out of control." A couple of weeks ago Rachel and I went to San Luis Obispo, California, for a few days. The weather was already nice here and it was nice in California. On the trip home we stayed overnight in Tehachapi, in the hills above Bakersfield. It seemed really cold when we walked the dogs in the evening. We were very surprised when we woke up the next morning to see a layer of snow on the ground!**

**I've always considered myself a good amateur mechanic. It goes hand in hand with my interest in cars. I've had a couple of less than successful DIY experiences lately though. My latest was to try and fix the broken power window in my Mini Cooper. It was surprisingly difficult just to get the door apart, but I finally did it. I rebuilt the electric motor and tested it. It**

**ran great. I reassembled the door and tested the window operation. Nothing. Needless to say I was quite frustrated. Heaven forbid, I may have to break down and pay the dealer to fix it. Probably not a good enough excuse to buy a new car though, huh.**

**Our club did its periodic highway clean-up recently. Rachel and I, along with a group of our members, led by Phil Wadsack, participated. I am proud of our club for doing this great civic task. It gives one a great feeling to help keep our beautiful area clean. If you didn't get to participate this time, be sure to sign up next time Phil asks for volunteers.**

**Barbara and Loren have made arrangements for a great Mother's Day Brunch. Be sure to sign up to be with your fellow club members on this great day. I hope to see many of you then.**
