

## President's Letter

Well, now it's getting to be "summerish" and I'm in summer-mode, i.e., travel mode. We don't have any major trips planned this year, but several one or two week trips. First up is a trip to southern California to attend a birthday party for one of Rachel's brothers. Not just any birthday, but his 80th, and they are expecting at least 300 people! A few weeks after that we will be going to Durango and Ridgway, Colorado.

In August we are going to Monterey, California, for the Historic Races and all of its attending car-related activities. It's a holiday we always look forward to. For it, I need to make our campsite reservations 9 months early in order to keep the campsite we've had for 16 or 17 years.

I'm sure many of our club members are also taking nice trips. The best I've heard about so far is Bruce and Terri Huelat's, who are taking a ten week trip through much of the U.S. in their new Maseratti Quattroporte. I wish them a good time.

I have felt guilty for a long time that my long owned Austin Healy has been

just sitting in my garage. I recently overhauled the whole brake system, replacing the leaking wheel cylinders and installing new brakes. Now it should stop well (it still hasn't been out). After sitting for over a year the carburetors were inoperable. Yesterday I overhauled them both, and reinstalled, and adjusted them. I turned on the ignition and hit the starter button. It fired almost instantly and ran smoothly. It was a proud accomplishment. I'm pretty sure there are only a few members in our club who have worked on SU Carburetors, or even know what they are. They are different than the carburetors on most cars.

Our annual picnic will be soon. I'm sure it will be fun. I hope to see many of you there.

David Lombardi  
President

## SCC Awards Scholarship

Our Board of Directors is proud to announce that Sedona Car Club has awarded a scholarship valued at \$2,500 to Mingus High School graduate, Ethan Brodgon.

Our scholarship is awarded to a student graduating from a high school in Verde Valley and will be attending a college or trade school to study in the automotive field. Our board thought that Ethan, who wants to study diesel mechanics and welding at Yavapai College, was the most deserving of the several applications we received.
