## President's Letter

Spring is here! The trees are budding out with new green leaves and growth. Flowers are blooming. The weather is great. Good car weather. And with the changing season and this wonderful weather we have two of our most popular events coming up, our Mother's Day brunch and our annual picnic. But, our beautiful scenery, great weather, and resulting tourism has made our two favorite venues for these events hard to get.

We are celebrating Mother's Day a week after the traditional Mother's Day at our favorite location, Junipine, on May 19th. The benefit is we get to honor our mothers and our wives with two celebrations. This is always a popular outing and may get sold out, so be sure to sign up with Steve Blank, who arranged this for us, by the deadline, May 12th.

The other event whose date got bumped is our Annual Picnic. We also have a favorite location for this event, Chavez Crossing Campground. Because of the popularity of this location we were not able to reserve a site, even months before our desired date, the second Tuesday of the month, which is our standard General Meeting day. The picnic this year will be on the first Tuesday of June, June 4th. The picnic will be catered which makes it very nice for we members. The caterer needs

to know how many will be attending, so be sure to let Larry Currie know by the caterer's deadline, May 28th. Look in this issue for more information about the Brunch and the Picnic.

I had an interesting thing happen recently. You know those WeatherTech ads which appear in most car, and many other, magazines. Well look, for instance, in the March/ April issue of Road & Track. You might notice, what I noticed then and in previous issues, a matter which prompted me to send them an email which said, essentially, "Gentlemen, You should tell your graphic artists that one cannot hose off a floor mat with the female end of a hose." In the subsequent, May issue, the mat was being hosed off with the male end of the hose. I didn't receive any free floor mats or anything, but, it felt good that they made a correction I suggested.

We are having a very interesting speaker at our May meeting. I hope to see many of you there.

I'm looking to sell a 2000 Jag with only 62k miles and in pristine condition. I realize it may not be the type of collectible that your members go for, however, it has some unique features and I thought I would see if you might share this with your members, or include it in one of your newsletters. Many thanks in advance!
