President's Letter

Hello Everybody. I may be the first to do this, but it's my only contact with almost all of you these days so I want to tell you... **HAPPY THANKSGIVING!** I'm sure we all have a lot to be thankful for. We live in Sedona, or near it. The whole area is a wonderful place to live. I don't think that any of us have had the Corona Virus, at least I haven't heard that any of us have. We all seem to have financial security. But you know why? We all worked hard in our younger days, unlike so many in the younger generations. Rachel and I count our blessings every day, for the reasons above and many more. I bet you do also.

I'm writing this on Veteran's Day. I'm sure we all thank our Veterans and our active duty servicemen and women for their service to our country. I know many of our members are veterans, including myself. I wasn't in Active Duty, but joined the Army Reserves, in which one agrees to be on call for six years in case there is a need for additional military force. Happily, I was never called up, I did almost die during basic training. I caught a disease and was in the hospital for six weeks. Oh well.

I don't usually write about this in Tire Tracks, but I heard some news just today and wanted to forward it to you all. Sally Peck fell the other day and is in the hospital to have her broken hip repaired, and Ed Pittman, one of everybody's favorite people, has had cancer return. He is being treated for it. Let's keep them both in our thoughts and prayers.

Sadly, I do not have any positive news about our club activities. Our Christmas Party, which would have occurred next month, has had to be cancelled because restaurants can't accommodate a group as large as ours, nor can we have our General Meetings for the same reason.

There is talk in the news about a possible vaccine for the virus. Hopefully, an effective one will be developed soon and we can get back to our everyday lives. See you then.
