President's Letter

Hello Everybody,

Happy Valentine's Day to you all. I hope it will be a great day for you. Take your honey to dinner. Have a good time. Rachel and I will be away the week before our next meeting, the first trip in our new motorhome. Not a big trip, we're going to California, but we'll be living in it for a week. Actually, it's our second trip. We took it to Lake Havasu City at Christmas, but that's so close it hardly counts. Still, they're both just warmups for our summer vacation. We're going to the southern part of Texas, up to Massachusetts, and back west through Montana. We plan on being away for 8 to 10 weeks.

Steve Blank arranged a great day for us on January 23rd. A group of us went kart racing and then

out for a great dinner at the White Chocolate Grill. I participated in the kart racing, but Rachel and I were not able to join the group for dinner. I hear it was really good. If the club decides to do this again in the future, be sure to join in. It was lots of fun. Thank you Steve.

We had a speaker with an interesting subject at our January meeting. He has invented an external combustion engine. A little too complicated for me to explain here (yeah, like I really could), but he claimed it will be way more economical to operate than any of our current methods of propelling a vehicle. Our February speaker will be just as interesting. Be sure to come to our meeting.

David Lombardi
President
