President's Letter

Hello Everyone,

How did you like our sample winter storm? For the sake of the growing things I hope it was just a sample and not the storm. We need more!

Rachel has a lady cousin who came to visit Sedona during the storm. She had come to do some hiking and take the Verde Valley Train ride. Bad timing, but she lives in California and said she just had to get out of there for a time. Well, the train ride was cancelled, but she did go hiking, trudging through deep snow on some of our tougher trails. Good for her. I waited at home, reading a book, wrapped in a blanket.

Our club activities, unfortunately, are still on hold. Hopefully, we'll be able to resume something soon. Our Executive Board does continue to meet, thanks to the internet. At our recent meeting we discussed our car show. We hope that the pandemic will have decreased by the end of summer so that we can have

a show. We will start to lay the groundwork regardless.

Speaking of our board meetings, you know that you are always welcome to attend a meeting. We are not having in-person meetings these days, but if anyone would like to partake in a virtual meeting let me know.

I've been spending some of my time these days working on my Austin Healey. With Bob Tusso's help we removed the rear axle (those things are heavy) and I took it to Red Rock Precision to have the differential and axle ends re-sealed. No more leaks! Probably even take it out on the road more often now... when it warms up.

As was mentioned in Tire Tracks last month, we are extending everyone's membership for this year without a charge. Happy Renewal! Hopefully we'll be able to offer you some activities.

David Lombardi
President
