

April 2021

Volume 40 Number 4

President's Letter

Hello Everyone. I was supposed to have written this little note sooner, but I've had quite a frustrating week which kept me from "getting around" to writing this. We received our stimulus checks recently and we thought well it's nice to have a little windfall, but unlike many people we didn't really need it. Our lives hadn't really changed because of the pandemic. We didn't lose our jobs, or have to close down a business, or have our work hours drastically reduced, etc. We are very fortunate.

Then the fun (frustrations) started. Rachel and I do our own taxes every year using TurboTax. It works out well for us and is easy to use. I knew we had an extra month for our federal taxes, but in my ignorance, I didn't know that the state tax also had an extra month due date. So, on about the 10th of April we started. Plenty of time, it only takes a few hours. But..., our computer could not download the TurboTax program. It works fine...but it's outdated. So now, unexpectedly and unplanned we had to buy a new computer. \$1,500. Thanks for the gift Uncle Sam.

About this same time period, it was time to have our three dog's teeth cleaned. Three cleanings, some extractions, and one dog had a little growth removed. This was a routine, expected, procedure, but still a big expense to be hit with. \$1,250. Thanks for the gift Uncle Sam. Also, during this same time period, a sewer line stopped up. Although I am a confirmed do-it-

yourselfer I was not equipped to do this job, so I called a plumber. 2 hours work. \$600. Thanks for the gift Uncle Sam.

Though not involving an expense, I had a truly frustrating DIY experience also recently. I installed a trailer hitch on our new car. This involved taking all the interior out of the rear of the car and removing the rear body panels. It took me several days. At one point I got stuck and took the car to Vince's Body Shop for help. They studied it for a while and concluded that they had never worked on a Macan before and weren't sure what to do either. Finally I successfully finished the task.

I hope you all put your stimulus checks to better use. Do something fun.

Sadly, our club is still not doing anything, but happily we are beginning to work on our October car show. I'm looking forward to that and I hope you are also. I had an idea recently and coincidentally one of our members approached me and offered the same idea. The weather is great. Let's take a drive somewhere and have a picnic. A true picnic where we bring our own food and drink, etc. It will give us a chance to gather with one another in the open and socialize. I'll have more to say about this soon.

Stay Healthy,

David Lombardi
President

SCHOLARSHIP NEWS

Again this year the Sedona Car Club is offering its \$2500 scholarship under the umbrella of the Yavapai College Foundation.

It is for a student in an automotive career field, available both to an incoming student with an accepted application for YC, or for a student currently enrolled there. If you know someone who might be interested, please have them contact Yavapai College for application instructions.

We learned of our 2020 scholarship recipient in October, so it may be some time before we know the 2021 results too.
